

Please ensure editable text areas use a system or freely accessible (i.e. Adobe or Google Fonts) typeface.

Artwork and logos should be supplied in a vector format where possible with as much text 'outlined' as possible

Artwork **must not** expand beyond the print areas on the bottle and pen. There is some flexibility on the notebook print area but all larger designs must be checked before ordering.

Notebook and pen barrel colours can be adjusted using the palettes below as reference.

Variable text font:

Myriad Pro
